

MUSSELS*

IN THE MUD

(* a.k.a. CLAMS)

CITIZEN SCIENTISTS NEEDED!

Come out to an informative workshop.

You may decide to become a “citizen scientist” and help us learn more about the mussels that live in the Salmon River watershed. Bring your children along.

TAMWORTH LIBRARY

SUNDAY, 26 MAY 2013, 1 p.m.

Biologist Fred Schueler is working with the ***Friends of the Salmon River*** to survey the river’s freshwater mussels. He will show us river mussels and explain how the study will be done. Where do mussels live? What kinds of mussels do we have in the Salmon?

EVERYONE WELCOME!
