

2014 Lake Links Workshop - "Lake Communities in Action"

Saturday, October 25th, 2014, 8:30am – 3:15pm
Perth Civitan Hall, 6787 County Road 43, Perth, ON

About the 2014 Lake Links Workshop – What's it all about?

This year's workshop will focus on strategies for getting your lake community into action with a special focus on algae and aquatic plants. **Lake Association** examples and discussions will look at best practices for bringing lake residents together to protect, improve, and celebrate the health of their lakes.

Randy French & Gord Rodgers, French Planning Services – will present on "How to get your Lake Plan off the Shelf into Action" through an interactive presentation including examples of successes from lakes across Ontario.

Dr. Jesse Vermaire, Carleton University, Algae and Aquatic Vegetation Study - Jesse will present his findings on why algae and aquatic plant growth in Eastern Ontario lakes and rivers appears to have been increasing over the last decade and what people can do about it.

Dr. Andrew Paterson, MOE and Dr. Brian Ginn, Lake Simcoe Region Conservation Authority will be talking about the challenges to local lakes and some strategies on how other regions are tackling this issue.

Agenda

| | | | |
|-------------|---|-----------|---|
| 8:30-9:00 | Registration & Displays | | and Healthy Lakes – Excess Algae and Aquatic Vegetation Study |
